Dear [Contributor's Name],

Today, I'm reaching out to share an exciting development in Shutterstock's journey. We've signed an agreement to combine with Getty Images in a merger of equals transaction, creating a premier visual content company dedicated to empowering creatives like you.

I understand that news like this may bring questions. Please know that until the deal is officially closed, it's business as usual at Shutterstock. We will continue to operate under our current brand. The services and support contributors have come to expect from us, and the relationship we have, will remain. Our business will continue to operate as it always has, and we remain committed to supporting our contributors. Our commitment to you remains a top priority.

The relationships we've built with our contributors are at the heart of everything we do, and that will not change. Should the merger proceed, we'll ensure you're kept informed about significant updates, with transparency as our guiding principle.

As always, we're here to answer your questions or concerns. Don't hesitate to reach out to our [contributor support team] at any time.

Thank you for being a vital part of the Shutterstock community.

Internal Email to Content Team

Hi Team,

Happy New Year and welcome back! I hope you all had a chance to recharge and are feeling ready for 2025—I'm so excited about what's ahead for us as a team.

To kick things off, as you likely have heard by now; Shutterstock has signed an agreement to combine with Getty Images in a merger of equals transaction. This is an exciting step forward for the company, but I know it might bring up some questions too.

As Paul mentioned in his email, there are some additional steps remaining before the merger actually closes, with closing targeted in the second half of 2025. For now, it's business as usual. The way we work, the priorities we've set, and the relationships we've built with our contributors all stay the same. Down the road, things may evolve. Change is constant, and that's okay! If and when it happens, we'll tackle it together as a team.

This prospective merger is a great opportunity for Shutterstock and for us as a team. I'm excited about the possibilities ahead and grateful to be kicking off another year with such a talented and passionate group of people.

I also want to quickly say how proud I am of everything this team has accomplished, especially given how much change you have navigated over the past couple of years. Your commitment to Shutterstock and empowering our contributors is truly inspiring.

Let's make 2025 an incredible year!

If you have any questions about the merger or just want to catch up, don't hesitate to reach out. As a reminder I have office hours weekly! Please feel free to sign up at any time [at this link](#).

Thanks, as always, for everything you do.

Best,

Anna

Forward-Looking Statements

The statements in this communication, and any related oral statements, include forward-looking statements concerning Getty Images, Shutterstock, the proposed transaction described herein and other matters. All statements, other than historical facts, are forward-looking statements. Forward-looking statements speak only as of the date they are made or as of the dates indicated in the statements and should not be relied upon as predictions of future events, as there can be no assurance that the events or circumstances reflected in these statements will be achieved or will occur or the timing thereof. Forward-looking statements can often, but not always, be identified by the use of forward-looking terminology including “believes,” “expects,” “may,” “will,” “should,” “could,” “might,” “seeks,” “intends,” “plans,” “pro forma,” “estimates,” “anticipates,” “designed,” or the negative of these words and phrases, other variations of these words and phrases or comparable terminology, but not all forward-looking statements include such identifying words. Forward-looking statements are based upon current plans, estimates and expectations that are subject to risks, uncertainties and assumptions. Important factors that could cause actual results to differ materially from such forward-looking statements include, among other things: failure to obtain applicable regulatory or stockholder approvals in a timely manner or otherwise; interloper risk; failure to satisfy other closing conditions to the transaction or to complete the transaction on anticipated terms and timing (or at all); negative effects of the announcement of the transaction on the ability of Shutterstock or Getty Images to retain and hire key personnel and maintain relationships with customers, suppliers and others who Shutterstock or Getty Images does business, or on Shutterstock or Getty Images’ operating results and business generally; risks that the businesses will not be integrated successfully or that the combined company will not realize expected benefits, cost savings, accretion, synergies and/or growth, as expected (or at all), or that such benefits may take longer to realize or may be more costly to achieve than expected; the risk that disruptions from the transaction will harm business plans and operations; risks relating to unanticipated costs of integration; significant transaction and/or integration costs, or difficulties in connection with the transaction and/or unknown or inestimable liabilities; restrictions during the pendency of the transaction that may impact the ability to pursue certain business opportunities or strategic transactions; potential litigation associated with the transaction; the potential impact of the announcement or consummation of the transaction on Getty Images’, Shutterstock’s or the combined company’s relationships with suppliers, customers, employers and regulators; demand for the combined company’s products; potential changes in the Getty Images stock price that could negatively impact the value of the consideration offered to the Shutterstock stockholders; the occurrence of any event that could give rise to the termination of the proposed transaction; and Getty Images’ ability to complete any refinancing of its debt or new debt financing on a timely basis, on favorable terms or at all. A more fulsome discussion of the risks related to the proposed transaction will be included in the proxy and information statement/prospectus. For a discussion of factors that could cause actual results to differ materially from those contemplated by forward-looking statements, see the section captioned “Risk Factors” in each of Getty Images’ and Shutterstock’s Annual Report on Form 10-K for the fiscal year ended December 31, 2023, subsequent Quarterly Reports on Form 10-Q and other filings with the SEC. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward looking statements. While the list of factors presented here is, and the list of factors presented in the proxy and information statement/prospectus will be, considered representative, no such list should be considered to be a complete statement of all potential risks and uncertainties. Unlisted factors may present significant additional obstacles to the realization of forward looking statements.
